PROJECTS

CAPSTONE PROJECT | INFINEON

Oct 2024 - Jan 2025 | Aachen, DE

For my MBA capstone project at RWTH Business School, my team collaborated with Infineon to explore sustainable business models. We reimagined how Infineon could use recycled PowerModules to drive a circular economy and gain a competitive advantage in power electronics. Through strategic analysis, market research, and creative design, we developed business models that combined technological innovation with environmental responsibility. This approach earned Infineon an award for their breakthrough in Innovation.
